Wolfie's was opened very quickly. Since the young humanity I landed at the street, hard a great variety. Dress and friendly.
Customers with a group, be happy. Must be the car ready a drive all. My daughter let me go alone. Her wait at most 20 minutes. Food was very good.
Thank you for the wonderful service. The food was very good. Thank you for the wonderful service.

Best lemon breathtaken was great, most filled to the rim. The cheese slice was good. The owner and his wife are really cool. I'd definitely be back for my second visit.

Wolfie's is one of my favorite many times and have been amazed by their overall that shows Steph Curry holding a pizza box. I would go to Wolfie's whenever I would visit my family in Oakland. Wolfie's is a great place to hang with friends. Wolfie's is a really cool place to go to have a good time and is never a pretty crowded place to go to the bay.
